

CP 7160K Pistol Grip Air Hammer Kit

Optional scaler attachment

Chicago pneumatic reduced vibration Pistol Grip Air Hammer tool is a well-balanced and powerful tool delivering 8 joules of power at 6bar. It has a robust lightweight design incorporating an Aluminum housing and thermally insulated hand grip. Designed for great handling with a Quick change chisel retainer (provided with the tool) and power adjustment with 4 power settings. An optional needle scaler attachment* can fitted to be used only at lower power settings.

Features & benefits

- Superior ergonomics
- Compact size for accessibility in cramped spaces
- Quick change chuck
- Reduced Vibration
